

# Main Menu

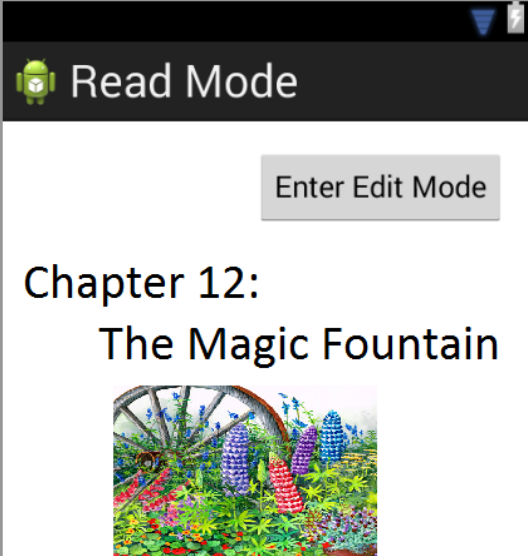

All of the user created stories and downloaded stories will exist on this list. A checkmark indicates that this story has been downloaded to your phone. The user can then long click on a story and be brought to the Story Options menu. The user can search for a story, or choose to add a new story using the buttons at the bottom.

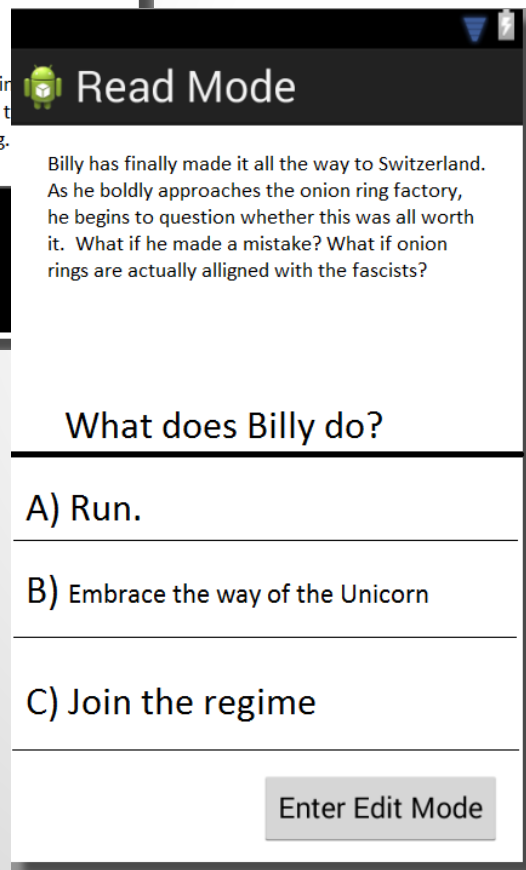

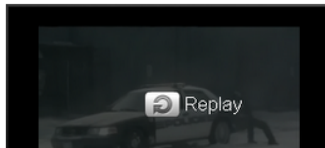

# Story Options

The user can now choose to, edit, delete, or upload the stories they have created or downloaded.

The Cache button downloads a local copy of this story, and displays a checkmark next to it on the main menu after downloading. The author of the story is shown under the title.

Billy had finally gotten rid of the penguin. It was good news, but he was afraid that the penguin would be having turkey for dinner this evening. What would he do?

# Read Mode

The user can read the story they chose and continue through the story with the decisions at the bottom, and has the option to enter the editing mode.

## Read Mode

Comments:

Add Comment

2013/10/10 Ben says: Not enough Unicorns

2013/10/11 Konrad says: Try adding this image

2013/10/12 James M. says: I'll upload Chapter 13 tonight into our github

2013/10/12 Karl says: What about this picture?

## Comment Section

The user can view comments left by other users, or add their own comments in this section. This section will be found at the bottom of each page of the story, after the decisions.

### Chapter 12: The Magic Fountain

Edit

Edit

was good news, but he was afraid that they might be having turkey for dinner this evening. What would he do?

Edit

## Edit Mode

The user can now edit the existing tiles (Chapter, photo, text body) or choose to add their own additional tiles.

## Edit Mode

Billy has finally made it all the way to Switzerland. As he boldly approaches the onion ring factory, he begins to question whether this was all worth it. What if he made a mistake? What if onion rings are actually aligned with the fascists?

Edit

What does Billy do?

Edit

A) Run.

Edit

B) | Eat Onion Rings | Links to page | chapter13page43

C) Join the regime

Edit

Enter Story Tree

## Editing Options

The user can add more decisions to the decision list at the bottom, change associated page links, or delete decisions. The user also has the choice to view the Story Tree

☐ Choice 1D

## Story Tree View

The user can get an overall view of the story from the tree view, and make large changes to story decision flow, delete pages, and add new pages in specific points.

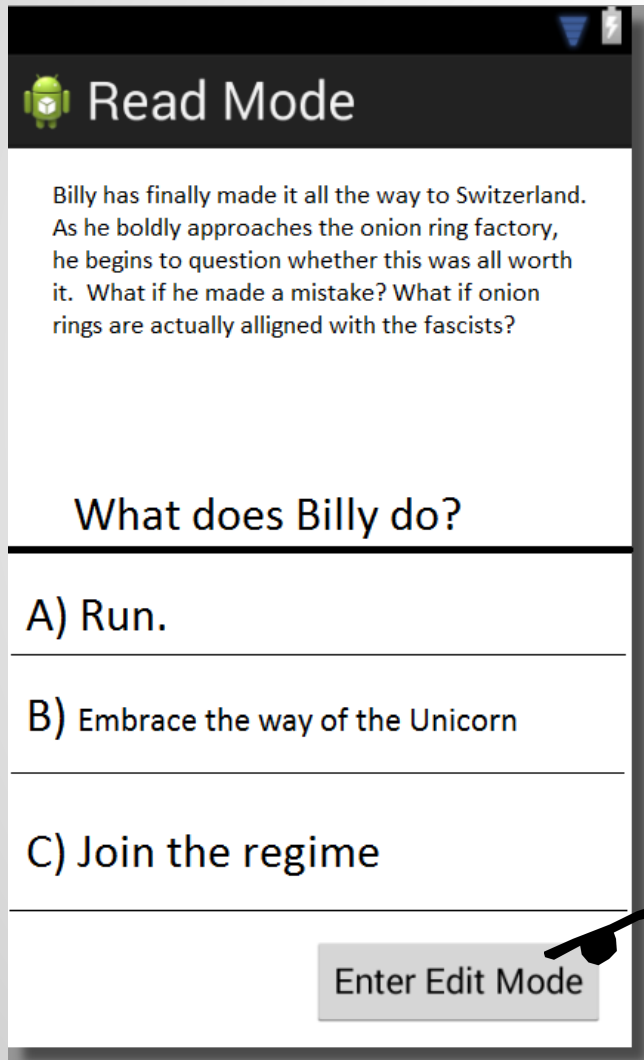

# User Case Scenario: Main Menu

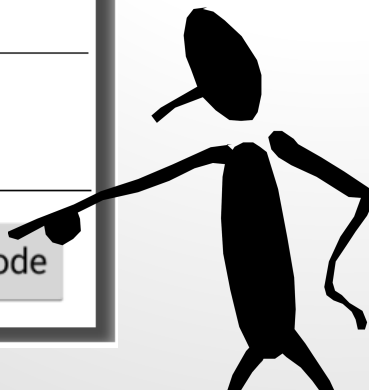

The user selects a story that they would like to read from the main menu, which is the story, “Unicorn Adventure 16”. The user has just downloaded this story.

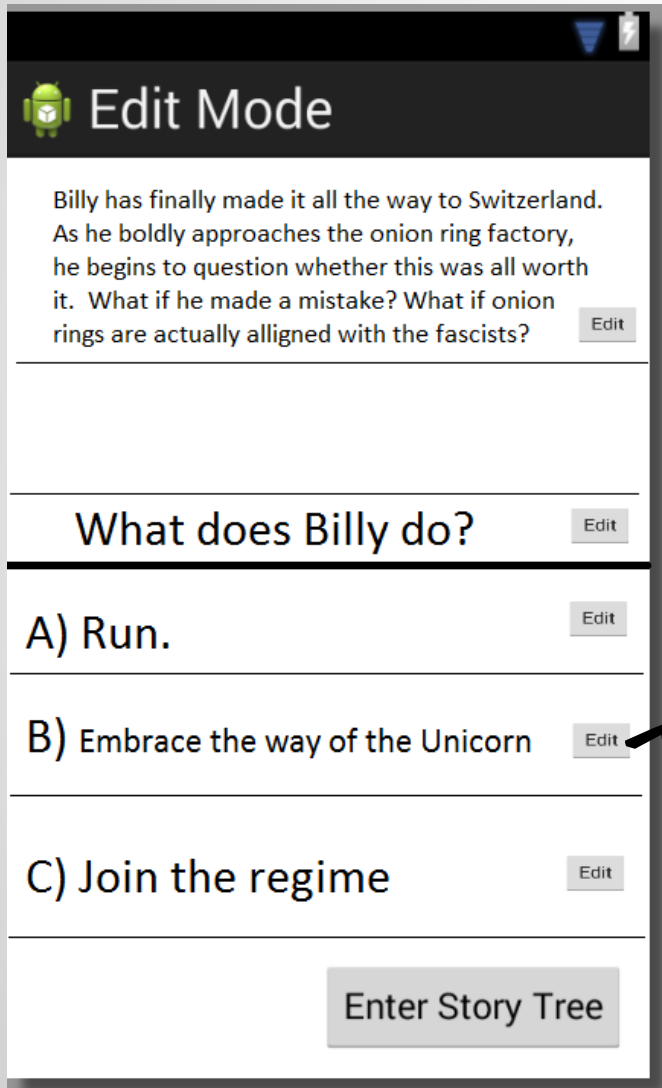

# User is Reading “Unicorn Adventure 16”

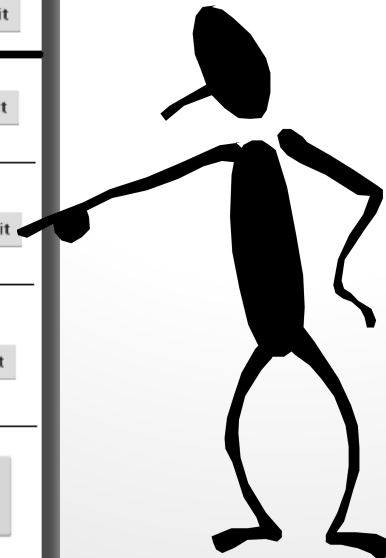

The user reads the story. On page three they dislike the text for decision B, so they click the, “Enter Edit Mode” button.

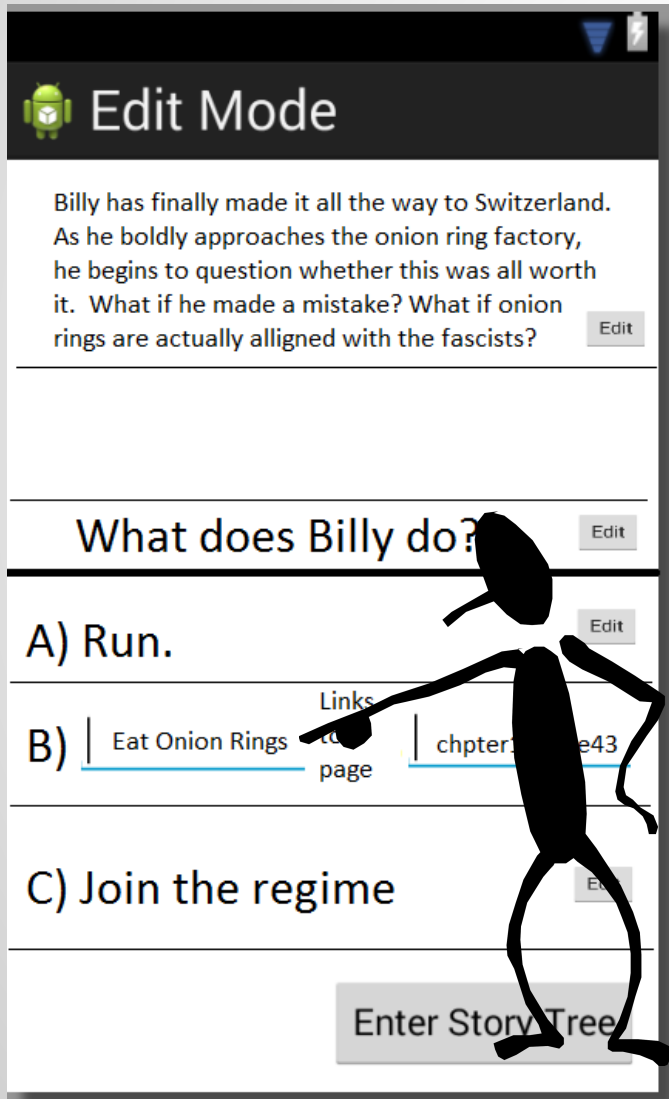

# User is choosing what to edit in “Unicorn Adventure 16”

The user finds the edit button for the decision they want to change, then clicks the Edit button adjacent to it.

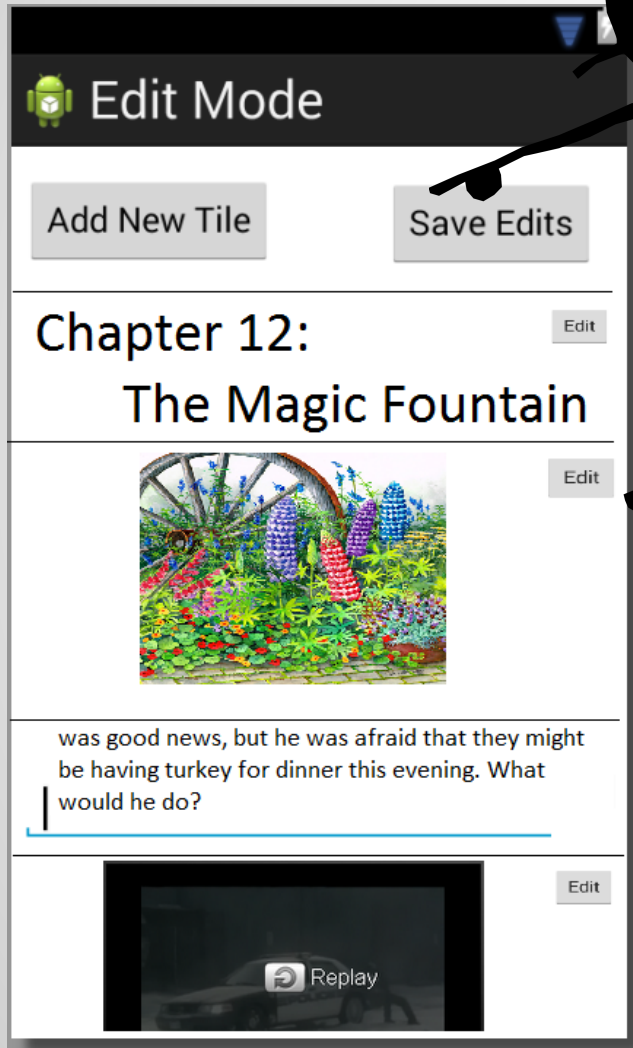

# User is Editing “Unicorn Adventure 16”

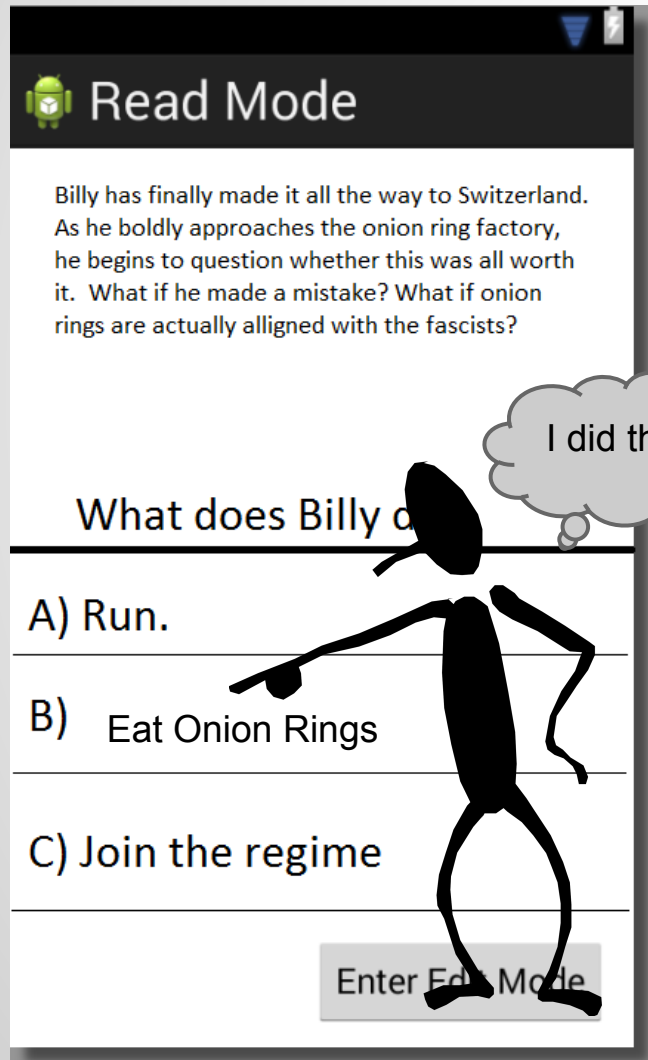

The user decides, “Eat Onion Rings” is an option which better fits the decision in this situation, so they edit the text for that decision.

# User is Done Editing “Unicorn Adventure 16”

The user has finished editing this page, so they scroll to the top and hit the, “Save Edits” button.

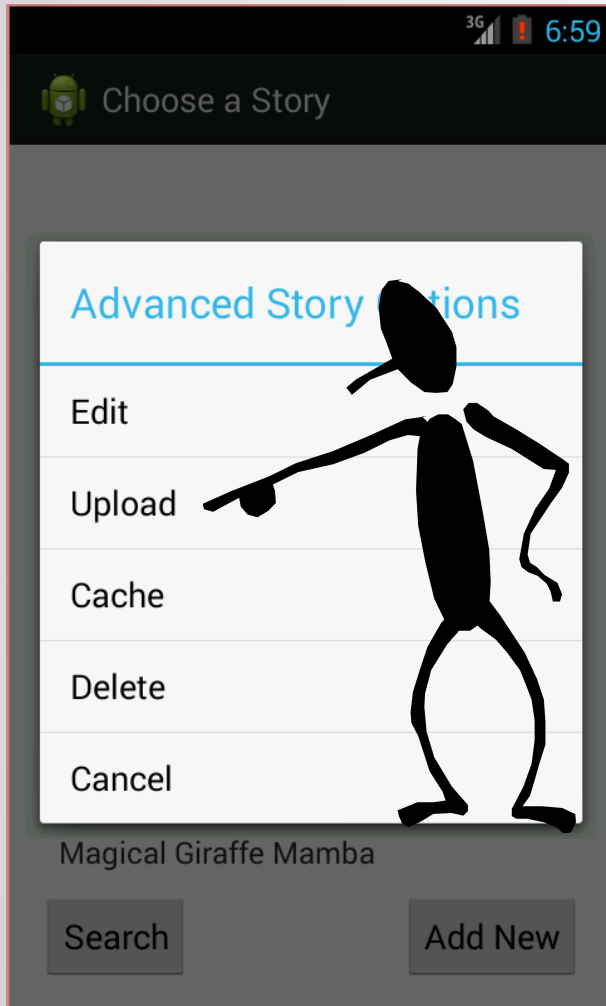

# User is Happy With Their Edits to “Unicorn Adventure 16”

The user returns to see the changes they made to the story's decisions. Now the user should show everyone else their changes.

# User Wants to Share Their Edits to “Unicorn Adventure 16”

After a few taps to the device back button, the user is at the Main Menu, where they can now long click on the story, and then click “Upload” to share their changes with the world.
